

Sail through times of change with our TaaS talent solution.

mirai
data talent • future ready

If you're a business anticipating a big change through investment, pivot or hyper-growth targets and are looking to accelerate in the next 12 months, our Talent-as-a-Service solution offers a flexible, subscription-based recruitment model to help you scale and ensures a constant pool of talent ready to meet your needs.

"Having a technologist as a service, available to play a more flexible and strategic role, stretches the typical service model in a new direction."

CIO.com, 2023

What's included:

- A monthly fixed fee that results in yearly savings
- Uncapped number of hires per month
- Dedicated Mirai talent partner
- First-round interviews done on your behalf
- Agile interview, hiring and onboarding process
- Access to Mirai's tech stack to engage unreachable talent
- Cover set periods of 6, 12 or 18+ months

What's are the benefits?

TaaS also helps companies cut costs and increase their efficiency.

Forbes, 2023

1. Greater efficiency

Through a predetermined model, built in process and ongoing strategy.

2. Yearly Savings

Achieved through a monthly fixed fee vs traditional recruitment fees.

3. Faster time to offer

With the agile hiring model and access to our extensive talent pool

4. Frictionless hiring

Quickly scale in times of change or growth.

5. Quick onboarding

With the support of Mirai's operations team and tech stack.

6. Pool of pre vetted candidates

A dedicated Mirai team leader who will support you every step of the way.
